RE: CITY OF TOLEDO WATER RATE INCREASE

In January of this year, we were notified by the Fulton County Commissioners of a water rate increase from the City of Toledo over the next three years. After reviewing our budget, we realized we would have to increase our water rate to balance out the cost incurred over the next three years. Please understand we are not increasing our budget we are only covering the increase from Toledo and Fulton County over the next three projected years.

February 1<sup>st</sup>, 2025, you will see an increase in the base rate of 25 cents, raising the base cost to \$12.86 per 1000 gallons. Increasing the minimum bi-monthly charge of 5000 gallons to \$64.30. Then on January 1<sup>st</sup>, 2026, you will see an increase in the base rate of 13 cents raising the base cost to \$12.99 per 1000 gallons and increasing the minimum bi-monthly rate to \$64.95. January 1<sup>st</sup>, 2027, the rate cost will go up by 14 cents making the base cost \$13.13 per 1000 gallons, and minimum bi -monthly rate to \$ 65.65 . Bulk will also increase to \$8.96 2025, \$9.09 2026 and \$9.23 January 1<sup>st</sup> 2027.
